Personal Profile

Commercially minded marketer with an MSc in Marketing (Merit, Dean's List) from Hult International Business School, London, and three years at Deloitte in client-facing go-to-market and advisory work across EMEA. At Deloitte I managed client accounts including the NBA, negotiated contract deals, forecast a ~£10m pipeline and supported the launch of a new tax-technology offering. My Master's added brand strategy, consumer behaviour, AI, digital and data-led marketing, applied through live projects for brands such as Bentley Motors and vivo. I combine analytical rigour with creative strategy and am looking for a marketing, brand, proposition or go-to-market role where I can turn customer and market insight into measurable growth.
